At a meeting of the Freeholders & other inhabitants of the Town of Hampton Regularly assembled for the purpose of considering the unreasonable & unconstitutional Power & Claims which the Parliament of Great Britain have assumed of the Rights & Properties of His Majesty's Loyal Subjects in America And at this Alarming Crisis to Consult on such Proper & Effectual measures as will with the Union of our Brethren Counteract every bold & wicked attempt of the Enemies of the British Constitution to Enforce their unjust usurpations

Voted Jonathan moulton Esq^r moderator

voted that we will take into consideration the matter for which

the Inhabitants are now assembled: Disputed for a long time upon a due & deliberate Review of the oppressive measures which the parliament of Great Britain have & still are daily taking to subject the Colonies to Taxation, & the ~~unjust~~ purposes for which they have exercised that presumed Right it plainly appears to us (under their respective circumstances) as it must evidently to every one that is not lost to the ~~most~~ ^{most} ~~deprived~~ ^{deprived} of common sense that if they are submitted to will be totally Destructive to our natural & Constitutional Rights & Liberties & have a Direct Tendency to Reduce the Americans to a state of actual Slavery - and as the ministry are openly adopting the most artful schemes to effect it - we have therefore just reason to consider our situation as dangerous & such as requires the united attention & wisdom of the whole, & being members thereof, & consequently Equally interested with others, and feeling that concern & Indignation which should animate every honest Breast ^{we} Look upon it as our indispensable duty, as men as Christians & as Americans acting worthy the Descendants of our illustrious ancestors publicly to Express our Sentiments & Determination at this ^{important} ~~alarming~~ ^{alarming} & ~~important~~ ^{important} crisis - being fully persuaded that our Happiness & prosperity now depend under God's gracious approbation on a virtuous & manly & spirited Resolves & Determination which Towns have so generally Entered into in consequence of it, afford ~~us~~ ^{us} ~~no~~ ^{no} ~~real~~ ^{real} ~~pleasure~~ ^{pleasure} & satisfaction such prudent, peaceable, & regular method to Express & Enforce the firm & steadfast Union so necessary we deem

worthy of our present Example, & therefore Voted,

That a Committee be chosen & desired to prepare such Resolves as they may conceive proper for this Town to adopt, & to have the same in Readings that they may be taken into Consideration at the adjournment of this meeting.

a Committee was accordingly chosen & the meeting adjourned until Monday the seventh of February next at twelve of the clock on said Day.

The Committee who were desired to prepare the Resolves informed the meeting that they agreeable to their Request, had them ready to offer to their Consideration, & the same having been distinctly Read, & with due Deliberation considered, it was put to vote whether they should be accepted as the opinion & Determination of this Town which passed ^{with a majority} ~~by a majority~~ in the affirmative.

Present

Capt Jeremiah marston Jonathan marston Jeremiah fowle
Jotham fowle John fowle Daniel Philbrick & Simon Lane

The Resolves are as follows.

1st That it is inseparably essential to the Freedom of a People & the Inherent Right of Englishmen in every part of the British Dominions, that no Tax be imposed on them without the Consent of themselves or their Representatives, & that the Local Circumstances of the People in America cannot admit of their being represented in the Parliament of Great Britain, & that therefore they are exempt from Parliamentary Taxation.

2nd That no Taxes can be constitutionally imposed on the People in the Colonies but by their respective Legislatures, & that the sole Right of imposing Taxes on the Inhabitants of this His Majesty's province of New Hampshire in particular is now & ever hath been legally & Constitutionally, vested in the House of Assembly Lawfully convened, with the Consent of Council & His Majesty's ~~the King of Great Britain~~ or his Representative the Governor for the time being.

3rd That the Act of the British Parliament imposing a Duty on Goods payable in America upon being landed, & a Tax imposed on the Americans without their Consent, & the Express Purpose for which that Tax is levied, has a Direct Tendency to subvert our Constitution, render our Assemblies useless, & introduce that plan of arbitrary Government, which, to every attentive person appears, the Ministry of Great Britain are avowedly ^{endeavouring} ~~endeavouring~~ to establish over the Americans.

4th That

4th That a virtuous & steady opposition to every artful measure ~~to~~ to enforce said Act is the most likely method (under God) to obtain a Repeal of the same - & that it is therefore ^{the duty} of every American to ~~concur~~ ^{concur} in advancing & supporting that glorious & glorious Cause that we will use the utmost of our Power in every reasonable & constitutional way Endeavour to promote & defend the Happiness & Security of America - & if ever necessity requires it we will be ready in conjunction with our oppressed American Brethren to require redress & Intrest in support of those Rights, Liberties & Privileges, which our Supreme Law gives, & our happy Constitution has entitled us to.

It was moved that a Committee ^{be appointed} ~~be appointed~~ to correspond with other Committees in this and the Neighbouring Governments as they see occasion might.

Voted Mr Philip South Capt Josiah Moulton Amos Coffin Esq & Mr William Lane & Josiah Moulton's be a Committee for that purpose.

Voted that the Town do Return their sincere & hearty thanks to their friends & Brethren who have at any Time exerted themselves to maintain the rights, & promote & defend the Honour & Happiness of our Country & particularly to the Committee of Correspondence at Portsmouth, for their late obliging Letter - & that ~~the~~ Committee of Correspondence do transmit to them a Copy of the Proceedings of this meeting as soon as may be.

Voted To Dispose of a Piece of Personage Land Joyning on Land of Christopher Loppan Esq. Capt Jeremiah marston ^{presently} ~~presently~~ against this vote.

9th Voted That the select men shall give a warrantee deed of the piece of Personage Land joyning on Land of Christopher Loppan Esq. taking in so much of the common Land as to make the fence Regular & Loppan paying for the same after the Rate of seven pounds ten shilling & more.

Province of New Hampshire & Rockingham }

To the Inhabitants of the town of Hampton in town meeting held March 16th 1774

I am extremely sorry that any of my friends (for I esteem all my people
 friends) who they don't think exactly with me) should be uneasy on account of
 what the town voted me at their last meeting as a compensation for
 the sale of money. I mention this because I have been informed of some
 who petitioned to have it inserted in the Notification to have that vote rejected
 which if I might be not in their power - what they voted I was satisfied with
 tho' I don't think it would be the money - Good & had they voted in gold
 instead of these it would in my apprehension have fallen short of a
 sufficient compensation - & this is not only my mind but the mind of
 many others - when the affair was first mentioned I thought the least
 thought was, I had not the most distant desire of being more whole
 than something should be done I thought was but an act of strict justice
 which was the desire of my office - what I then did to the town & I am still
 of the same mind - when I first settled among you what you then voted
 for my annual support was 50 pounds - it was as much as I desired - you
 more perhaps than I should in modesty have claimed - but but little
 more there was necessary for the increasing expense of my family
 & I think it highly necessary for ministers as well as other men to
 have more than a bare support - that they may be able to leave
 & not leave their families in care they should be taken from them
 not suffered to continue by Reason of Death - But Gentlemen you must allow
 to be sensible that the town are greatly altered - the money part of my
 salary is comparatively nothing - the wife & provisions I allow being
 God - the money part was added that I might be able to furnish
 myself with those articles the town could not supply me with
 such as sugar &c - things we can't well do without - But it will hardly
 mention one or two particulars - For Instance - Sugar - my salary
 5 years ago would have purchased three thousand weight - whereas now
 it will not now purchase but one hundred weight and a little more
 & great odd indeed - again one article that I have purchased in town &
 which you will all acknowledge to be absolutely necessary used
 to cost at most half a Guinea or seven pounds - for which I have
 not long since paid shillings - & so I could go on & on with respect
 to most other articles the great difference in the price between now & when
 I settled you must acknowledge that my salary cannot be sufficient
 and I wonder you don't see it & I am but thankful you will not acknowledge
 it's insufficiency - but naturally standing what I have said
 I am far very far from desiring to give the least uneasiness to any one
 of my friends - I profess to be a Disciple of Jesus Christ - who styled the prince
 of peace & I am a preacher of peace & I mean to practise and
 I therefore for the sake of peace which has been my aim
 now fully - before this assembled town I relinquish to every one
 who is not disposed to assist me in this difficult Day & to do me justice
 their part of what was voted me - it is hard but I had rather
 suffer more than to wrong - & part with my Right rather than make
 uneasy I therefore do this quickly for the sake of peace - I don't
 do it Gentlemen because I think it is not my Right - for I do think it

it is I don't do it because I think you are not in justice bound to make me
 same consideration for I think you are - I don't do it because I cannot not
 recover what was paid me for I think I could but I do it because I have
 never enjoyed do all in my power to promote & promote it
 this at the same time I can't but lament that the cause of so many woe
 cold to Religion & to the ministry of Religion - Religion alone tends to
 promote the peace & happiness of individuals & society - without it
 we should run into all manner of Disorders & confusion - hereby
 then we ought to Love Religion & if we Love Religion we shall
 Love the ministers of Religion - & do all we can to render them (circum-
 stances agreeable - I am engaged in a good cause - it is the cause
 of God - & I mean not to desert it so long as I can have if I am faithful
 I doubt not I shall have my reward and I live among so kind a people that
 I don't think they will let me suffer
 upon the whole I hope Gentlemen as I so freely for the sake of Peace give
 up what I lack upon what was my just due there will be no uneasiness
 among on my account - nor on any other - only you all study the
 things that make for peace & may you act now & at all times
 as under the immediate Inspection of the omniscient God - may all things be
 done decently & in order - and God Grant we may all so conduct here
 as that we may meet at last in the world of perfect peace & love

To the Convention for framing a Constitution for the State of New Hampshire
 Gentlemen.

The End & Design of the Institution of Civil Government is the Good of Mankind - being evidently adapted for the greater security of Property - for Defence against Injury & Violence - for the more effectual administration - for cherishing Emulation the Spur to Industry - Improvements in Knowledge & the Encouragement of Liberal & useful arts. tending to the Refinement of Greater Convenience of Human Life - and as the Result of all the whole to Dignify & Enlarge the Social Character & advance more completely the Social Happiness of man - These are strong Motives urging every one ardently to wish that an happy form of Government might be Established in the Community of which he is a Member

And as you Gentlemen have presented a Plan of Government to the Inhabitants of this State to be approved of or Rejected by them or to propose such Alterations & amendments as they shall judge necessary - We being a part of the Community beg Leave to observe that we have perused and considered it with attention. & tho in general we think it a wisely adapted one yet in some points it greatly needs to be altered & amended. We shall not at this time mention the Amendments we judge necessary because we think it best under present circumstances that the former we now have. tho far from being a Desirable one should continue & that the proposed Plan be at present rejected. tho we hope to have an opportunity in some future time to mention the Alterations we think necessary

The Reasons for our Rejecting the plan now offered are

- I that so small a part of the State had a Voice in it - there being but a few Towns that sent Members to the Convention which we think discards the minds of the Inhabitants concerning viz that they generally supposed it best that a Matter of so much Importance should be deferred for the present - & we fear should it be accepted as it is or with Amendments. it may occasion great uneasiness in the State
- II That as we are Engaged in a most unhappy war. & peoples spirits being greatly agitated & disturbed which renders them unfit to take so Important a Matter under consideration. we think it best to defer settling a form of Government to some future time
- III That as there is a Disunion in the State the County of Cheshire & Grafton having Separated from us we think it advisable to put it off for the present - hoping their Disaffection will cool & they Return to their Duty. & join to the other Counties in settling a Plan of Government. Should we proceed without them they may justly

Justly complain of it as a Grievance & say we had not that
Regard to them which we ought to have had - & that they
must conform to Government they had no voice in framing

For the above reasons Gentlemen we think it best to postpone
a matter of so Great Importance - & we wish that the plan you
have proposed might not be established either with or without
alterations or amendments until that happy Period shall arrive
when the people throout the State their public Difficulties &
Embarrassments being in a Great Measure Removed might
unitedly join in framing a Constitution - & that they might
have an opportunity for this purpose - we wish that some
Method may be adopted that those towns which did not send to or
whose Members the Chosen did not attend Convention may yet
have the Liberty - Praying that you may have Divine Direction
& Assistance - we are Gentlemen with Due Respects &c

We the subscribers Inhabitants of the town of Hampton were
greatly surprised at finding the Major part of the select men of said town
had notified a meeting to see if the town would adopt the mode or Plan
of calling a candidate or preacher to settle in the work of the Gospel
ministry with us in this town agreeable to the above mentioned
mode or Plan & to see what the town would vote Mr. Jonathan
Brown for an annual salary and how it should be paid - we unknown
to ourselves to be entirely ignorant of what the above Plan
was & have reason to believe very few if any have any knowledge or acquaintance
as the Congregational form of Church Government is adopted by almost
all the Churches in the town New England States has been the uniform
Government as to the mode of exercising Church Government &
Discipline it might properly be called a Republic Government
and as we most heartily approve of the Congregational mode of
Church Government which was adopted by our Distant Fathers
our dissent against proceedings to act upon any one of the articles
inserted in the Notification relative to settling a minister agreeable
to the New York or Philadelphia Presbyterians plan - and in particular
Land or property which was conveyed to the Church and town
and as we conceive expressly designed & appropriated for the sole
purpose of supporting the Congregational ministry in this town
And we further give this Public Notice that if the majority of the
Town should proceed to give Mr. Jonathan Brown a call to settle
with them agreeable to the aforesaid Presbyterian plan that we
shall immediately take the proper measures to have a minister
of the Gospel settled amongst us in the Congregational way - that it is our
most sincere wish that there may be no Division in the town and
that we might all form but one Congregational Society
which we are fully persuaded will be for the true interest
and happiness of the town

whereas ~~in December last~~ at a full town meeting held
in December last there was a considerable majority in
favor of adopting the presbyterian form of Church Government
yet as there is a Number of our Brethren in the Church &
Congregation that cannot see their way clear to ~~and~~
accede to that form and as we think there is no essential Difference
as it relates to the Essence of Religion between that and the Cambridge
platform and being willing to do every thing in our power for
peace & harmony of this town we are willing to agree with our
Brethren to adopt the old Cambridge Platform of Church
Government and at this meeting to give Mr. William Pigeon
a call to settle with us in the work of the Gospel ministry
and if we should be so unhappy as to be opposed by our Brethren
in the above proposals we trust they will not take it amiss
if we pursue our application to be adopted by Presbytery and
Govern our selves accordingly - and Give Mr. William Pigeon
a call to settle with us in the Presbyterian form of Church
Government at this meeting if the foregoing case should
be agreed upon

2. To see what the town will vote to give Mr William Pignum as an unusual salary and how it shall be paid and to pass any other votes Relative thereto that may be thought necessary and make Return of your Doings hereon

The Revd. Mr William Pidgin answer

To the Presbiterian Church & Society in Hampton
 Honoured and Beloved: A sufficient time having now elapsed since I
 received your call through the medium of the Presbytery it is altogether proper
 that you receive some answer:— But in what way to give that answer, so as
 to keep a conscience void of offence towards God and towards men, has been with
 me the great difficulty. When I consider, on the one hand, how arduous
 and all-important is the ministerial work, my own insufficiency for it, and
 the awful consequences that must await me should I rush without being
 sent;— and, on the other, how great must be my criminality, if I distrust
 the Divine promise— refuse to go at the Call of God— and having put
 my hand to the Gospel— plough, look back for a few discouragements:—
 + — When I reflect too, that you are not the whole of the Town, but
 a considerable number is found opposed to the measure;— and the degree
 of uncertainty respecting what may be the result of this discussion—
 Should I except the Call:— and reflect likewise on what might
 probably be your situation, should you now be left when affairs have
 come to this present crisis:— These considerations, when united,
 serve to bring me into a Dilemma truly solemn and important.
 — Shall I go forward? or not? It is the grand question.—
 To know how to determine this, in such a manner as might
 be hoped would redound to the glory of God and the good of his
 people, no small pains have been taken. Circumstances have been
 taken up, and weighed as carefully as possible— no inconsiderable
 time has been allowed for mature deliberation— and that
 Wisdom from above which is in all cases profitable to
 direct, has been earnestly desired and implored:— so that
 if, after all, the event should prove, that I have taken a wrong
 or improper step in this affair, a consciousness of having done what to
 me appeared duty, will support, and afford me needed consolation.
 Having thus endeavoured to view things on all sides— having thus
 sought the Divine direction, and given myself time to think on, and
 digest matters in a good degree to my own satisfaction;— as well as
 having advised with the more disinterested & experienced— I am
 led, in humble reliance on that gracious promise, to I am with you
 always, to answer your invitation in the affirmative. — — —
 may that Being, who is emphatically styled the Wonderful Counsellor
 the great Leader of his people & guide of his faithful servants, lead you in the
 saving knowledge of himself, that you may cordially embrace his Gospel:—
 and guide me ~~with~~ in the path of duty & usefulness:— May he inspire me
 with all that wisdom, zeal, piety, Christian fortitude necessary for the great
 undertakings— and form me a people for himself, to show forth his praise—
 should he unite us in the bonds of his glorious Gospel;— and in his
 way may he make us mutual blessings here & each others crown of
 rejoicing in the mansions of immortal blessedness.—

To the Church & Congregation of the first Parish in
Hampton
Gentlemen,

Some time since by your Committee I was informed of
the Invitation given me to settle in the worke of the Gospel
Ministry among you: and hope I am not inglorious of the
Honour done me thereby not only by you but by the
great Head of the Church who take this opportunity to
testify the Goodwill since I have of the regard ^{which you} have
never manifested to me. I desire to join with you in
warmness & peaceable Disposition prevailing among you &
heartily wish the same may continue. The general Unanimity
of your Choice has had a hope it will weight in my mind
the Honourable Support you have expressed me in ^{out} your
to accept of your call: and having formerly considered the
rather taking advice of those who have the wisdom of the
humble heart & glowing Direction of Heaven I now declare
my assent & word as soon as I can I will be introduced
to the worke whereunto I am called & will be introducing
right & title to the parsonage and living in and belonging to the
town of Hampton having that part of it which is contained in your
fourth vote at your meeting on 23rd Nov^r 1766 a copy of which
was transmitted to me on the last week. May the blessing
of Heaven accompany the measure that have been taken in this
important affair. May we be mutually beneficial to each other
that so the God of peace & Order be promoted & maintained here
to the glory of the Father & the Father's State may be your portion
the portion of yours & the wish of your friends & mine

We the subscribers who are conscientiously of the congregational persuasion which has uniformly been the mode practised by our pious ancestors even since a church was formed in this Town until very lately, do enter our dissent against proceeding to act any thing on the articles in the Notification, for the following reasons first because a number of the Town at a meeting some time since voted to adopt presbyterianism, and secondly proceed to give Mr William Pidgeon a call to settle with them agreeably to the presbyterian mode or form - and thirdly voted the said Mr Pidgeon the personage & ministerial property we conceive was conveyed to the Church & Town of Hampton for the sole purpose of and for the support of the congregational Ministry in said Town & therefore they had not right to vote it away for the support of a presbyterian minister - Nevertheless we being willing & Desirous to do every thing in our power to promote the peace and happiness of the Town - and to prevent expensive lawsuits if possible would propose

(218)

making choice of an equal number of the presbyterian & congregational society as a committee to meet and if they can agree upon any mode of accommodation between the parties, then to lay it before the parties in Town meeting for their consideration, but if no such agreement should take place we are ready & willing to leave matters of dispute between us to the determination of judicious disinterested men such as should be mutually agreed upon —
